INSURANCE PRODUCER PRELICENSING COURSE PROVIDER LIST

(Requirement for Rhode Island Residents)

The list below contains prelicensing course providers approved by the Department of Business Regulation (“Department”). These prelicensing courses are offered to the general public and are a prerequisite for all Rhode Island residents that are applying for an Insurance Producer license. The appropriate prelicensing course(s) must be completed *prior* to application and examination. This list is provided solely for informational purposes. You must contact the providers directly for information relating to any prelicensing course. It is the responsibility of the applicant to complete the prelicensing requirement prior to testing and applying for a Rhode Island Insurance Producer license. The Department will not issue an Insurance Producer license until this requirement has been satisfied. Once the appropriate prelicensing course has been completed, you will be issued a Prelicensing Certificate by the approved provider. You are required to send the original Prelicensing Certificate to the Department with your application and other related documents. You should maintain copies of all documents that are submitted to the Department. Please see the Department’s website at www.dbr.state.ri.us (*Insurance Producer Licensing*) for information relating to the licensing of Insurance Producers.

The Rhode Island Department of Business Regulation does not make any warranties concerning the information provided by the prelicensing providers. The Department specifically disclaims any implied warranty of merchantability, fitness for a particular purpose and non-infringement with respect to the information provided. Any inaccurate or incomplete information, discrepancies and updates to the information should be reported in writing to the Department.
